

## DIVISION OF STUDENT AFFAIRS

Welcome back from Spring Break! I hope you all had a chance to enjoy at least a bit of time away from your work responsibilities. It is hard to believe that we only have about six weeks left of this semester. And we know that these are often the busiest weeks of the academic year. Among the many other events and activities, please keep an eye out for information related to any on campus interviews for the position of Vice President for Student Affairs. I would encourage you to attend any open forum and be sure to provide feedback to the search committee on this key leadership selection. I also hope you can find time to enjoy some of the programs and events as we move toward the end of the semester. Often these events recognize our students and student organizations and their significant achievements – and serve as a great reminder of the impact made over the course of a college career.

Please take a few moments to check out the latest information provided by your colleagues.

Registration for each session is required. Visit [here](#) to register today!

Adam will also present “The Money Savvy Student” on April 5th beginning at 6:00 pm in Lang Auditorium. #### **Thank you for a successful "Up Close" program**

A very big "thank you" is sent from the Office of Admissions to all Student Affairs staff members, student employees, and students who assisted with the two "Up Close" admitted student visit days this year. Attendance at this year's events was the largest in the 10 year history of the program. The success of these special events depends on the

strong collaboration across the campus. Thank you for helping next year's entering class determine that UNI is the right fit for them!

As always, thank you for your on- going commitment to working with and serving our students. You do make a difference!
